Mizzen Capital Supports Palm Medical Holdings' Acquisition Strategy and Growth Initiatives

New York, NY – December 24, 2021, Mizzen Capital, LP ("Mizzen"), a private credit fund, today announced that it completed a \$15 million term loan financing to support Palm Medical's M&A strategy.

Palm Medical treats a myriad of vascular conditions from its centers and hopes to expand into other specialties and pursue the development of Ambulatory Surgical Centers.

"Mizzen embraced Palm Medical's consolidation strategy through complementary acquisitions. This allows us to expand our service offerings into other areas beyond Palm Medical's core vascular procedures. In addition, we will be able to strengthen our management services throughout the organization. We are excited to have Mizzen as our long-term financing partner." said Eric Rogers, CEO of Palm Medical.

Liddy Karter, a Managing Partner at Mizzen, said, "Healthcare is an attractive investment area for Mizzen. We were immediately attracted to Palm Medical's growth and expansion plan. Mizzen is committed to allocating capital to create strong social impacts including high quality medical care."
